

## Dignity Health Medical Network - Central California Honored for Accelerating the Pace of Healthcare Improvement

November 05, 2020

Dignity Health Medical Network - Central California (DHMN-CC) has been named the 2020 Ronald P. Bangasser, MD, Memorial Award Winner for the Central Valley region of California.

Each year, in memory of Dr. Ronald P. Bangasser's contribution and his dedication to quality improvement, the Integrated Healthcare Association (IHA) and its partners recognize eight physician organizations—one from each California region—that demonstrate the greatest year-to-year improvement in clinical quality and patient experience.

Award winners are determined by calculating the relative improvement for each physician organization's overall achievement score for the current year compared to their overall achievement score for the previous year.
